ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1909.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: Herewith as required by act of Assembly, we submit the Annual Report of the Soldiers' Orphan Schools Commission, having charge of the proper conduct of the schools authorized and established by the laws of the Commonwealth.

May 31, 1909, marked the end of the forty-fifth year of the existence of these schools, and the twentieth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the act of General Assembly, approved May 25, 1889, and its supplements.

During the year just ended, many improvements and changes were made in the schools; the Commission abandoned the Uniontown Soldiers' Orphan School, transferring the pupils from that school to the Center Springs and Scotland Soldiers' Orphan Schools, both of which conditions required much careful supervision and many important improvements at the Soldiers' Orphan Industrial School.

The detailed reports of the Superintendents of the two schools and the records of the office herewith submitted, show that there were seven hundred and thirty-nine pupils, lawfully under the care of the State at the close of the year ending May 31, 1909, and that these children were classified as follows:—

Males under the age of five years,	3
Males between the ages of five and ten years,	89
Males between the ages of ten and fourteen years,	152
Males between the ages of fourteen and eighteen years,	216
Females under the age of five years,	2
Females between the ages of five and ten years,	50
Females between the ages of ten and fourteen years,	99
Females between the ages of fourteen and eighteen years,	128
	739

The Annual Reports of the Superintendents and the heads of departments of the schools in this report, show the most excellent condition in both schools. The educational department of the Soldiers' Orphan Industrial School, under its principal, Col. W. C. Bambrick; the industrial departments, under the supervision of Mr. W. H. Stewart, Superintendent of Industries, the high efficiency of the

land, and of all departments of the school is evidenced by the success attained by the pupils at their graduation from the school by the reports. The Commission adds that it is greatly pleased with the harmonious and concerted action upon the part of the Superintendents, principals, teachers, matrons and other employes of the schools, in carrying out the wishes and requirements of the guardian of these soldiers' orphans, the great State of Pennsylvania. It is with great pleasure we report to you that during the year there was but one death among the nearly eight hundred pupils in the two schools, an account of which will be found in the report of the Superintendent of the Chester Springs School. The excellent sanitary condition of the buildings and property in charge of the Commission is established by the significant fact that the death rate was so small where there are so many children. This condition is due to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the Superintendents and employes of the schools.

The moral, educational and industrial training given to the children is fully up to the standard fixed by the most advanced educational and training thought of the land, and fills in full measure the requirements of the laws of Pennsylvania. Physical and military training are important factors in the formation of regular habits, and these two elements are required at both schools. We would especially direct attention to the fact that during the years that have passed since the organization of the Soldiers' Orphan Schools nearly twenty thousand young men and women have received a thoroughly practical education in the several schools in charge of the Commission, have gone out to perform their part in the world's work, have assumed the problem of life with educated minds, trained hands and sound bodies, and to-day are valuable factors in the body politic of every part of our State, influencing its laws, its customs, its professions and every branch of its mechanical and industrial pursuits. Of this vast number, less than one per cent. have failed to profit by the bounty of the State, and the training received from the constant precept and practice while in these preparatory schools.

Under the act of Assembly, approved the thirteenth day of June, 1907, an appropriation was made in the sum of $40,000.00 for the purpose of enlarging the capacity of the present buildings, and the building of a new structure which would enable the Commission to transfer the pupils to the Soldiers' Orphan Industrial School, and abandon one of the other schools, it being the intention of the Commission to consolidate the pupils of the Uniontown School as rapidly as facilities would permit without curtailing the advantages due to the wards of the State. The committee appointed by the Commission consisting of Hon. Thad. M. Mahon, Hon. L. G. McCauley and James F. Morrison, Esq., completed the work assigned to them in time for the opening of the schools September 1, 1908, erecting a fine building as an auditorium on the first floor, and the upper part constructed for a boys' dormitory. The enlarging of parts of the main building at the same time was completed and many other improvements which, had they all been let by contract, would have cost the State far more than the $40,000.00 appropriated for these improvements, was accomplished by the boys in the school from the different industrial departments, under the instructions of their superintendent and his faithful corps of instructors in these

departments, thereby not only completing the work at small cost, but at the same time educating the pupils in practical work, which will benefit them when they are placed out in the world to maintain themselves.

The high character and efficiency of the Superintendents and their corps of assistants is highly commended by the Commission for the great work they have accomplished, and in conclusion the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the press and clergy, as well as every citizen of the State at large to visit these schools and see the magnificent work and the splendid results achieved by them. The schools are always ready and open for inspection.

We herewith submit tabulated statements of all matters in any manner connected with the schools, together with itemized accounts of all moneys received and expended. Respectfully submitted by order of the Commission.

JAMES F. MORRISON,
Secretary.

REPORTS OF SUPERINTENDENTS.

SOLDIERS' ORPHAN SCHOOL.

Chester Springs, Pa., June 30th, 1909.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit the Nineteenth Annual Report of the Chester Springs Soldiers' Orphan School.

June 30th, 1908, our roll contained the names of 208 boys and 114 girls, a total of 322. (An error in last year's report made the number 324.) During the year there were admitted 88, making the enrollment for the year 410. During the same period there were discharged, on age, 1, on order, 3, and by transfer to the Industrial School, at Scotland, Pa., 36, a total of 40, add to this the death of 1, and our entire loss for the year was 41, leaving on our roll June 30th, 1909, 369 pupils, 234 boys and 135 girls.

The death referred to was that of Violetta Karch, 11 years old, of Erie, Pa. She came to us in the transfer from the Uniontown school, June 16, 1908. She was a delicate girl, having frequent attacks of Epistaxis. Early in the winter she had an attack of inflammatory rheumatism, and died of heart failure December 18th, 1908.

During the winter of 1908 and 1909 we had 24 very severe cases of pneumonia, one of which necessitated the insertion of a drainage tube into the pleural cavity, by means of which at least five quarts of pus was discharged, with complete recovery of the patient; 14 cases of scarlatina and 2 cases of diphtheria.

When the age of the children is taken into consideration, many of them being under ten years old, with not a single death, we cannot adequately express our gratitude to our heavenly Father, for thus blessing the skill of the physician and the untiring care and attention of the nurse and thus restoring to health the little ones confided to our care.

It is a source of gratification to report that, with but few exceptions the conduct of the pupils during the year has been highly commendable, and although the year began under the supervision in the educational department of a new principal, yet Prof. Henderson, with his corps of experienced assistants, has made the year a successful one in his department.

The usual religious services, daily chapel and Sabbath school or preaching every Sunday, have been held during the year.

Our holiday seasons have also been appropriately observed and by reason of your generous provision fully enjoyed by all. On Memorial Day, after the usual parade of the pupils, led by the band, to the cemetery and the decoration of the graves of the veterans and

the pupils of the school, who lie buried there, an appropriate and instructive address was delivered by Hon. Thomas R. McDowell, of Elkview, Pa.

That effective, satisfactory work has been done in all departments of the school needs no other evidence than the words of approval spoken by those who were present at our annual commencement exercises, June 22d. The commencement exercises in the auditorium, the military drill of the boys and the marching and calisthenic drill of the girls, together with the kindly courtesy and excellent deportment of both boys and girls gave evidence of the careful training by teachers, military instructors and matrons alike.

With but few exceptions, the year has been a harmonious one and whatever measure of success has been attained is due to the work of all.

While the number of pupils is larger than was reported last year, yet owing to the fact that only the older pupils are transferred to the Industrial School at each transfer, the remaining pupils are very much younger than those on our roll in former reports, and when the fact is taken into consideration that with an enrollment of 410 for the year, nearly half of whom are between the ages of two and fourteen years, subject to all the ills that childhood is heir to, with but a single death during the year, too much praise cannot be given to those who have the immediate care of them.

To the Commission of Soldiers' Orphan Schools I can but repeat what I have written in former reports, "I thank you most sincerely for your uniform courtesy and kindness." To your Vice President, Maj. L. G. McCauley, and your Treasurer, Hon. Thad. M. Mahon, my especial thanks are given for repeated visits to the school and the words of cheer and encouragement and helpful suggestions kindly offered.

On the occasion of our annual Commencement, we were cheered by the presence on the part of the Commission of Department Commander Thad. M. Mahon, Hons. L. G. McCauley, Thomas Hayes, John H. Riebel, T. V. Cooper and Col. James F. Morrison. On the part of the G. A. R., A. A. G. Chas. A. Suydam and the Dept. Chaplain, Rev. John Sayers.

The Committee on Soldiers' Orphan Schools, of Gen'l Geo. A. McCall Post No. 31, G. A. R., of West Chester, Pa., made its annual visit of inspection and its report is herewith enclosed and made a part of this message.

I have the honor to be, gentlemen,

Your obedient servant,

DR. M. B. HUGHES,
Superintendent.

HEADQUARTERS GENERAL GEO. A. McCALL POST, NO. 31, G. A. R.,
DEPARTMENT OF PENNA.

West Chester, June 25, 1909.

Report of Committee of Gen'l Geo. A. McCall Post No. 31, G. A. R., on the Chester Springs Soldiers' Orphan School.

We the undersigned Committee of Gen'l Geo. A. McCall Post, beg leave to report that we have attended to the duty assigned us, having made the annual visit of inspection to the school on the occasion of the annual commencement exercises of the school, June 22d, 1909. We found everything in perfect order, excellent discipline, which, with scrupulous cleanliness, explains the healthy condition of the pupils.

The Superintendent, with his corps of assistants, having had large experience in the work are rendering loving, faithful and efficient service in training the boys and girls to be useful men and women, a credit to themselves and an honor to the school, the State and country.

The military instructors and matrons are to be commended for the successful manner in which they have taught the boys and girls habits of cleanliness and instructed them in courteous deportment and for the evident discipline everywhere manifest.

The entertainment held in the auditorium, both afternoon and evening, was very fine, the programs were well rendered and equally well received and appreciated by large audiences. In fact everything passed off in a very creditable manner with much praise for those having charge of the training of the boys and girls in the Chester Springs Soldiers' Orphan School.

We were most cordially received, hospitably entertained and urged to come again.

There are 234 boys, 135 girls and 40 employes in the school.

Fraternally submitted,

Signed,

SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., October 19, 1909.

Commission of Soldiers' Orphans' Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit the fourteenth annual report of the Soldiers' Orphans' Industrial School, with accompanying reports of the heads of the principal departments.

The closing of the Jumonville school necessitated an increase in the population of this school from three hundred to nearly four hundred. A new auditorium, together with a dormitory, additional dining-rooms, new kitchen, etc., made it possible to care for the larger enrollment comfortably.

The work of every department has progressed smoothly and effectively. Moral, mental and manual training being carefully looked after in each pupil. Sound minds, sound bodies and a product capable of independent citizenship has been the aim. The great success of our institution along this line is attested by the ease our graduates have in obtaining lucrative employment in their chosen lines of work. Those who have been permitted to continue their education have stood the tests in some of the best schools in this and other states. Recent graduates are now doing good work in Yale, Pennsylvania State College, Lafayette College, Swarthmore College, West Chester State Normal, Findlay College and others. In nearly every instance the above pupils have earned their higher education by being capable of doing useful, honest work.

The low death rate of one in twelve years, with an average population of between three and four hundred, shows better than words can tell the good effects of our system of physical training and strict regard for all sanitary rules and regulations. Many of our pupils develop from delicate types to strong and robust boys and girls.

The success of the institution along the various lines mentioned, is largely due to the policy of your Commission, in furnishing the best of materials and equipment, the most faithful and competent service in every department. I wish to say that harmony and good feeling has prevailed among the instructors and other employes during the year and every one has earnestly striven to do the work assigned and do it well.

The loyalty, faithfulness and obedience of a great majority of the pupils is responsible for a most pleasant and profitable year.

In every effort for the good of the institution, we have been earnestly supported by each member of the Commission, and it is a pleasure to record the fact that during their frequent visitations and close inspection of every department, they have found little to condemn and much to commend.

Thanking all who have so cheerfully aided in supporting the best interests of the school during the year, I am,

Very respectfully,

GEORGE W. SKINNER,
Superintendent.

EDUCATIONAL, MILITARY, STENOGRAPHY AND TELEGRAPHY DEPARTMENTS.

Capt. Geo. W. Skinner, Supt. Soldiers' Orphans' Industrial School, Scotland, Pa.:

Dear Sir: I herewith submit the fourteenth annual report of the Educational, Military, Stenography and Telegraphy Departments.

With the opening of the school year, Sept. 1st, 1908, the new auditorium and one new class room was added to the school equipment. About sixty additional pupils over and above the number enrolled during any previous year filled the classes to their maximum capacity.

The same curriculum of studies has been retained and under it the progress of capable pupils has been rapid and their work thorough.

It has been my privilege to be in close contact with the work of all the grades during the entire year, and I believe each teacher has labored faithfully and persistently for the best interests of the pupils. Few schools can show such a record for regularity and system as the Industrial School has maintained.

All the national holidays were observed in a way, not only to give pleasure to the children, but to teach valuable lessons. Each class was given a chance for valuable nature study work during the spring term, and the results were highly gratifying.

Daily chapel exercises and weekly Sabbath school classes were continued throughout the year. Rev. Wine, of Scotland, preached in the school auditorium on each alternate Sabbath afternoon and frequently other ministers of the community held extra services.

The general conduct of the pupils has been excellent under the strict but liberal discipline maintained. A class of twenty-two boys and twenty-two girls was graduated on June 25. Dr. S. A. Martin, of the Cumberland Valley State Normal School, addressed the class and presented the diplomas.

Stenography and Telegraphy Department.

The work of this department under the charge of a former graduate, has been kept up to its usual standard of excellence. A number of the pupils went directly into good positions on leaving this department and seem able to compete with pupils of the best schools in their chosen work.

Military and Physical Culture.

The usual variety and excellence of this branch of the work has been kept up during the entire year.

Each girl participated in free calisthenics, dumb-bell and Indian club drills. Each boy participated in each of the above drills and in addition rifle calisthenics. A three company battalion organi-

zation was maintained and thorough instruction in the school of the soldier, school of the company and school of the battalion was given. Some attention was given to ceremonies and military courtesy.

The exhibition drills were of a high standard. Almost every variety of out door sport has been indulged in by the student body under the care and direction of competent instructors. We believe the general results have been highly beneficial. In closing I can only repeat my thanks to superiors for support and counsel and to subordinates for cheerful obedience and co-operation.

Respectfully submitted,

W. C. BAMBRICK,
Principal and Military Instructor.

INDUSTRIAL DEPARTMENT.

Capt. Geo. W. Skinner, Superintendent Soldiers' Orphans Industrial School, Scotland, Pa.:

Dear Sir: I submit herewith the fourteenth annual report of the industrial departments of this school.

During the year just closed there has been but one change in the corps of employes, Miss Carrie Mellon resigned as laundress and Miss Mary Moorehead was appointed in her place and has filled the place very satisfactorily.

The beginning of the year July 1st, 1908, found us with the new auditorium building unfinished, the work on the same where required to put the building in condition to hold our annual commencement was pushed along as fast as possible, while the balance of the work was left stand. This was all finished and the building completed by September 1st, 1908, the opening of the school term.

A very important improvement has been made in the past year by the erection of two Kirker-Bender spiral fire escapes, one located at each end of the Administration building to one side of the windows so as not to interfere with the ventilation or light in the building, and in case of fire no flame from the windows could come in contact with any part of the escape. They consist of a steel tower six feet in diameter with a three-inch stand pipe through the center with hose connections on each end and a special steel slide between this stand pipe and the side of the tower. The top is covered with a tight steel roof and hand rail. Steel run ways are connected from the windows protected by a wire guard. All doors opening into the escape are closed by a spring, except the lower door, which opens out and is operated by an automatic latch. The slide terminates about 18 inches from the ground. The escape was built by the Dow Wire and Iron Works, Louisville, Ky.

Another very important change was made in the power plant. Twelve electric irons were placed in the laundry, six in the tailoring department and two in the dressmaking department. A 25-horse power motor in the machine shop to furnish power for the machine shop, wood shop and printing office. A marble switchboard in the Administration building to control all the circuits in the building. By this change we discontinued the use of three coal stoves, which were always considered very dangerous on account of fire.

This change compelled us to stop the 9-inch x 10-inch engine used to supply power for the departments and run one of the engines and dynamos in the power room through the day. The 9-inch x 10-inch engine will be changed from a belted machine to a direct connected electric machine and moved from its present location to the power room. A new shaft will be required and a 27½ K. W. dynamo. The contract for the change has been awarded and I expect to have it in operation by the time school opens, September 1st.

A new maple floor has been placed in the part of the laundry used for ironing, a concrete floor being first put in to support the same.

Laundry and Industrial Building at the Soldiers' Orphan Industrial School, Scotland, Pa.

Farm Buildings and Water Tank at Soldiers' Orphan Industrial School, Scotland, Pa.

A new vertical tubular boiler, 48 inches in diameter and 9 feet high, has been ordered for the pump station, to replace one the same size that has been in bad condition for some time and not considered worth repairing.

The work in the several departments for the past year has been fully up to the standard of the past. The conduct of the pupils during the year excellent.

A new screw cutting lathe was finished in the machine shop and will be added to the equipment of the department. Twelve combination book cases and writing desks were made in the wood department and placed in the private rooms in the main building for the use of the people who occupy the same. Many other articles were made in these two departments in addition to the repairs to buildings, machinery and furniture in and around the school.

The printing department, in addition to the School News, issued every second and fourth Thursday of each month, have printed all envelopes, letter heads, blanks and other printing required by this school and Chester Springs.

The dressmaking department in the past year made the following garments for the use of the girls:

Number.	Description.	Estimated Cost.
121	Woolen dresses,	$432 50
455	Cotton dresses,	568 75
93	White dresses,	139 50
83	Night dresses,	33 20
131	Drawers,	39 30
569	Towels,	85 35
99	Petticoats,	39 60
		$1,338 20

The tailoring department in the past year made the following garments:

Number.	Description.	Estimated Cost.
516	Trousers, uniform,	$1,548 00
329	Coats, uniform,	1,151 50
47	Graduating suits,	423 00
		$3,122 50

The work done in the laundry, mending room and shoe shop has been very satisfactory.

In closing, permit me to again call your attention to the boilers in the main boiler room. The old tubes and the bottom of the shells show some pitting, and while it at present is not serious, it is one of the first symptoms to show the wearing out of the boilers. They are inspected regularly by the Hartford Boiler Inspection and Insurance Company.

Very respectfully yours,

WM. H. STEWART,
Superintendent of Industries.

MEDICAL DEPARTMENT.

Chambersburg, Pa., July 1, 1909.

Capt. Geo. W. Skinner, Supt. S. J. I. S., Scotland, Pa.:

My Dear Captain: I have the honor to herewith present to you my report of the medical department of the Industrial School for the year just ended.

It is impossible for me to render a report in detail this year because I can not find the record book kept at the hospital by the nurse.

On this date Miss Lillian Seibert, a trained nurse, takes charge of the hospital instead of Miss Katherine Clarke.

Since the school at Uniontown has been closed we have more small children than before and of course we have had more ills incident to small children to treat than before; otherwise the routine work has been about the same as other years.

Just after the return of the children in September, one boy developed typhoid fever, but there was no doubt that the disease was contracted before his return to school. So it gave us no concern as to the purity of our drinking water; it was the only case we had and it ran a regular course and the boy recovered.

A case of scarlet fever developed a little later and gave us much anxiety lest we should have an epidemic. It was a well marked and very severe case, but strict isolation was established and perfectly maintained with a nurse in charge and the patient made a complete recovery, and there was no spread of the disease. We were not able to locate the source of the contagion.

One girl suffered a rather severe, acute attack of appendicitis; she was operated upon and when fully recovered was discharged and sent to her home.

The greatest work of the physician in an institution like this, in addition to the prescribing for the ills that come to the children necessarily is the care exercised in preventing epidemics from infecting the school children from the outside or the spread of diseases among the children when already here. In this work I feel that we have been remarkably successful and want to thank the heads of other departments for their hearty co-operation; with this work particularly is it necessary for all to be of one opinion and work to that end.

There is a remarkable and very commendable disposition manifest by all employes at this school in pointing with equal pride to the good work done in each other's department and to the whole as a result of all together led by you, our most worthy head.

Another year has passed and proudly do I report the excellent health of the children and thankfully do I report that no deaths have occurred during the year. Thanking you and others for the hearty support given me, I am,

Very truly yours,

W. F. SKINNER, M. D.

BAND AND ORCHESTRA.

Scotland, Pa., June 30, 1909.

Captain Geo. W. Skinner, Supt. S. O. I. S., Scotland, Pa.:

My Dear Sir: I have the honor to submit a report of the band and orchestra for the year that has just closed. Our band numbered forty-four pieces. Of this number ten were new boys. We furnished music for all drills and dress parades during the school term, and gave a number of concerts at school during the winter. Our band filled a number of engagements away from school as follows: A reunion of the 21st Regiment at Scotland; concert in Rosedale opera house, Chambersburg; concert at Wilson College; P. O. S. of A. parade at Chambersburg; memorial service May 29th at Shippensburg, Pa.; Memorial Day at Chambersburg and Scotland. Our last trip away was to Gettysburg in June, where we furnished music for the State encampment, G. A. R. We were there for two days and all the boys done fine and received many compliments. The new instruments we received to replace some old ones were quite an improvement and added much to the appearance and music of the band. Our orchestra furnished music at commencement. The band and orchestra had a number of invitations they could not accept on account of school duties. The deportment of the boys was good. In conclusion, I want to thank you and all interested for many courtesies.

Most respectfully,

CHARLES E. MENTZER,
Instructor Band and Orchestra.

LAWS REGULATING SCHOOLS.

ACT OF 1867.

To provide for the continuance of the education and maintenance of the destitute orphans of the deceased soldiers and sailors and the destitute children of permanently disabled soldiers and sailors of the State.

Whereas, Several considerable appropriations have been expended, for the proper education and maintenance of the destitute children of the men of Pennsylvania, who died in defense of the Union during the late rebellion;

And whereas, it is incumbent upon the State to continue this provision for those children who are now hers;

And whereas, The experience thus far acquired, in the performance of this duty, now enables the Legislature to regulate, by statute, the largely discretionary powers heretofore exercised in the premises; therefore,

Section 1. Be it enacted, &c., That the Governor of this Commonwealth is hereby authorized and required to appoint by, and with the advice and consent of the Senate, a State Superintendent of Soldiers' Orphans, for three years, from and after the date of said appointment, to be subject to removal, for cause, as other officers appointed in like manner, are now, whose office shall be at Harrisburg, whose salary shall be the same as that of the State Superintendent of Common Schools, and necessary traveling expenses, and who shall give bonds, with three sureties, to be approved by the Auditor General, and filed in the office of the Secretary of the Commonwealth, in the sum of twenty thousand dollars, for the faithful performance of his duties; the Superintendent shall have power to appoint one clerk and the Governor one male inspector and examiner, and one female assistant, each at a salary not exceeding one hundred dollars per month, and necessary traveling expenses, to inspect and examine the Soldiers' Orphan Schools hereinafter provided for: Provided, That said Superintendent shall not, during the period of his superintendency, have any pecuniary interest in any of the said orphans' schools.

Section 2. That the State Superintendent of Soldiers' Orphans is hereby authorized and empowered to contract with the trustees, proprietors, or principals of institutions now employed as soldiers' orphans' homes and schools, possessing such good and sufficient accommodation as said Superintendent may approve, and of such other like institutions as may be necessary for the proper care, and maintenance and education, at the expense of the State, and until the age of sixteen years of the destitute orphan children of all such deceased

mother be dead, or has abandoned such orphans, but all applications must be approved by the board of school directors, controllers, or superintending committee of the district, ward, or city in which the mother resides, if she makes the application, or in which the orphans reside, in other cases, and the Superintendent may acquire such other certificate, from superintending committee, which committee shall be appointed and hold office at the discretion of the Superintendent, and by and with the consent of the Governor, or from such other sources as he may deem necessary.

Section 6.
